LAS CASCADAS

Las Cascadas is a group of 60 smallholder farms located in the Pitalito region of Huila, ranging from 1650-1900 masl and farming a mix of Caturra, Castillo and Colombia varieties. Ripe cherries are floated and sorted then pulped, washed and dried.

Try 65g per litre for filter styles and a 1:2.25 brew ratio for espresso. We use 20g in and 45g out.

Expect a smooth milk chocolate with a brown sugar sweetness, fading into a rounded candied orange acidity.
