Los Nogales is a very special farm for JASAL as it was the first farm that the Salaverria bought and it is where Jose Antonio Salaverria grew up. He grew up surrounded by the fruits of Los Nogales and we thought it was the perfect place to launch Project Nogales where you chose the plot of land, the process & the variety. We hope you enjoy your special coffee! For more information on JASAL, please consult their website <http://www.jasalcafe.com/>
