Bale Mountain farm is situated in West Arsi, Nansebo. Heirloom varieties are farmed at 1800-1910 masl over 200 hectares. The farm processes their own coffee, they have over 200 raised beds on site where they dry the ripe cherries on.

65g per litre for filter styles and 1:2.25 brew ratio for espresso. We use 20g in and 45g out on our Sanremo Café Racer with 20g IMS baskets.
