SINGLE ORIGIN

COLOMBIA
FINCA LA ESTRELLA - NATURAL

This coffee is produced by Bernardo Echeverry, a leading light in Colombia's coffee production. This Caturra varietal is harvested at 1400-1600 masl at Finca la Estrella, situated in the region of Santuario, where it undergoes the natural process at his own mill.

60g per litre for filter styles and 1:2 brew ratio for espresso. We use 18 in and 36g out.

Crazy in the cup- champagne like character, sweet lemon iced tea and dark plum notes round off this complex coffee.
