ROASTERS

SINGLE ORIGIN

GUATEMALA
BOSQUES DE SAN FRANCISCO

This coffee is produced by the Dalton family, from Finca Filadelfia. It consists of Caturra, Bourbon and Pacamara varietals, grown at an altitude of 1600 masl. The Dalton's have been producing coffee here since 1864 and the farm now supports 80 full time staff.

60g per litre for filter styles and 1:2 brew ratio for espresso. We use 18 in and 36g out.

Expect a bright lemony acidity upfront, which mellows into sweet raspberry and milk chocolate finish.
